## ERA SynBio – Swiss Networking Event: Preparing for Call 2

June 2nd, 2014 – ETH D-BSSE, Basel – 15.00 to 18.00

### Target Group

Swiss Life Sciences' industry and academia active in synthetic biology.

### Introduction

CTI is the official Swiss funding partner for the ERA-NET in Synthetic Biology ERASynBio which was initiated in 2012 in the frame of FP7. Together, the 12 funding organizations involved in this call (including the US American SNF) expect to invest around 16 Mill. € for Synthetic Biology research in the participating countries. Switzerland is participating in 4 out of 8 ERASynBio projects selected in the 1<sup>st</sup> call.

ERASynBio announced its 2nd joint call for transnational research projects in Synthetic Biology. The call will represent a unique opportunity for Europe and the USA to build Synthetic Biology capacity through innovative transnational projects

### Event Goal

Networking and connecting potential partners to submit in the 2<sup>nd</sup> call.

### Event Location

ETH, D-BSSE

Mattenstrasse 26, 4058 Basel

(from Basel main railway station take tram 2 direction Messe, exit at Gewerbeschule, turn left into Mattenstrasse)

### Event Partners

D-BSSE  
Department of Biosystems  
Science and Engineering

### Program Outline:

#### Past successes and future opportunities

- 15.00 **Welcome.**  
Sven Panke, *ETH D-BSSE*; Oreste Ghisalba, *CTI*
- 15.10 **ERASynBio 2<sup>nd</sup> joint call for transnational research projects.**  
Annette Kremser, *Forschungszentrum Jülich GmbH*
- 15.25 Martin Fussenegger, *ETHZ Zurich, D-BSSE*
- 15.45 Astrid Schäfer, *Evolva*
- 16.00 Andreas Plückthun, *University of Zurich, Biochemistry Department*

## ERA SynBio – Swiss Networking Event: Preparing for Call 2 – Facts and Figures

**June 2nd, 2014 – ETH D-BSSE, Basel – 15.00 to 18.00**

### Consortium Size

Partners from at least three different partner countries.

### Eligible Scientific Fields

The projects could originate from one or more of the following scientific (sub) fields:

- ✱ metabolic engineering
- ✱ orthogonal biosystems
- ✱ minimal genomes
- ✱ regulatory circuits
- ✱ bionanoscience
- ✱ protocells

### Funding Organizations

The funding organisations of the partner countries are:

- ✱ AKA (Academy of Finland, Finland)
- ✱ ANR (The French National Research Agency, France)
- ✱ BBSRC (Biotechnology and Biological Sciences Research Council, United Kingdom)
- ✱ BMBF (Federal Ministry of Education and Research, Germany)
- ✱ DASTI (Danish Agency for Science, Technology and Innovation, Denmark)
- ✱ FCT (Foundation for Science and Technology, Portugal)
- ✱ KTI (Commission for Technology and Innovation, Switzerland)
- ✱ LAS (Latvian Academy of Sciences, Latvia)
- ✱ MINECO (Ministry of Economy and Competitiveness, Spain)
- ✱ MIZS (Ministry of Education, Science and Sport, Slovenia)
- ✱ NSF (National Science Foundation, United States of America)
- ✱ RCN (The Research Council of Norway, Norway)
