

European Union and India

# Innovating smart and integrated local energy systems

Apply now !

#H2020  
#OpenToTheWorld  
#IndiaDST

Jointly funded call:

## €18 million

### Projects must:

- Focus on a specific local energy network in Europe or India (or address several such systems)
- Develop and demonstrate novel solutions that combine the available energy vectors and optimise their joint operation
- Find ways to make the energy supply cleaner, more efficient and affordable
- Involve at least 3 legal entities from India and 3 from the EU

**Technology Readiness Levels: 5 to 8**

**Duration: Up to 42 months**

**Deadline for proposals: 29 January 2020 - 17:00 (Brussels local time)**
